

Harken Rigger 500 Winch INRW500

HARKEN

INLH500

A Self-Tailing, Man-Riding Capstan Lokhead Winch with the Security and Safety of a Captive Head Weighing just 4.2kg (9.3lb) the LokHead winch can be incorporated into a tripod design without significantly increasing the overall weight

Braking system controls descent and provides works protection against free-falls

Encapsulating jaw cover protects fingers and clothing from catching in the winch

Easy to rig and efficient, the LokHead makes the most of the operator's strength

Offers a 40:1 power ratio with 2 gears: low-load, high line speed; high-load, low line speed

Designed for use with fiber rope 10-12.7mm (3/8-1/2") in diameter and unlimited line length

Can be driven manually with the provided 10" B10AL winch handle

Pack Quantity EA

Price : £1,509.26 ex VAT

Overview

The LokHead is certified to EN13157:2009 (Machinery Directive harmonized standard) for lifting goods and equipment, as well as EN1496:2007 as a rescue lifting device
